

FORZA 750

GT LUXURY

Business or pleasure, it combines a sharp, tight form with true GT comfort. Delivering extra rider legroom, wind protection and day-to-day practicality – with stunning response from both Throttle By Wire (TBW) engine control and smooth-shifting, six-speed, Dual Clutch Transmission (DCT) gearbox.

CONNECTIVITY

We've packed this scooter with premium features that help you live life your way. Always-on connectivity keeps you in the loop via your smartphone and Honda Smartphone Voice Control system*, and a vivid, full-colour TFT instrument display.

ROOM TO MOVE

The Forza 750's sleek and compact bodywork hides a useful 22L of underseat storage. More than enough for a full-face helmet with room to spare, plus an integrated USB Type-C socket ready to charge your device.

BE BRIGHT, BE SEEN

All lighting is crisp, super-efficient LED, for a distinct road presence giving high visibility to other road users. Also, there is now one less thing to think about, as the indicators seamlessly auto-cancel.

INNER STRENGTH

A tubular steel diamond frame provides rugged strength, while adjustable 41mm cartridge-style Up Side Down (USD) forks, lightweight aluminium swingarm and adjustable Pro-Link monoshock deliver superlative suspension control and steering precision.

BRAKING POWER

Dual, radial-mount four-piston front brake calipers bite 315mm discs, along with a single 240mm 2-piston rear disc. ABS manages the braking force front and rear, for consistent stopping no matter the conditions you face and adjusts according to riding mode selection. It pays to be seen, too so the Emergency Stop Signal (ESS) function flashes the rear indicators to warn those behind under hard braking.

SOPHISTICATED TECHNOLOGY

There are four riding modes to choose from, with the option for customisation and a seamless, six-speed, Dual Clutch Transmission (DCT). The Honda Selectable Torque Control (HSTC) continuously manages rear tyre traction for effortless riding.

* Honda Smartphone Voice Control system is compatible with Android™ smartphones only.

OUR ULTIMATE GT SCOOTER

The sporty lines of the Forza 750's front fairing and generous, carefully-shaped screen, ensure a cocoon of still air at highway speeds. It is contemporary styling that draws the eye, wherever it rolls or stops. An enjoyable, strong engine with plenty of power is a must, as is a chassis that elevates handling, with excellent high-speed aerodynamics. It is also compact enough to get through tight city traffic and, just as importantly, easily parked.

The seat envelops and supports beautifully – it's comfortable for two, with plenty of legroom for the rider. And, with 22L of underseat storage, there's room for a full-face helmet, while a built-in USB Type-C socket ensures your smartphone is always on charge. Whilst in a pocket, the Smart Key streamlines operations including keyless ignition system, steering lock, fuel cap and seat. All lighting is super-efficient LED, for a distinct road presence with high visibility.

The Forza 750 is the result. And it is our ultimate GT scooter.

The specific details of this brochure do not apply to any particular product supplied or offered for sale. Manufacturers reserve the right to vary specifications, including colours, with or without notice at such times in such manner as deemed appropriate. Major as well as minor changes may be involved. Every effort, however, is made to ensure the accuracy of the particulars contained in this brochure. Consult your Dealer for details regarding the specifications of any featured product. This publication shall not constitute - under any circumstances whatsoever - an offer by the Company to any individual. All sales are made by the Distributor or Dealer subject to and with the benefit of the standard Conditions of Sale and Warranty provided by the Distributor or Dealer, copies of which may be obtained upon request. While efforts are made to ensure specification accuracy, brochures are prepared and printed several months in advance of distribution and consequently cannot always immediately reflect either changes in specification or in some isolated cases the provision of a particular feature. Customers are always advised to discuss specific details with the supplying Dealer, especially if a selection is dependent upon one of the features advertised. Please contact your local dealer for information and specifications. Please note that the fuel consumption figures provided are results obtained by Honda under standardised testing conditions prescribed by WMT. Tests are conducted on a rolling road using a standard version of the vehicle with only one rider and no additional optional equipment. Actual fuel consumption may vary depending on how you ride, how you maintain your vehicle, weather, road conditions, tyre pressure, installation of accessories, cargo, rider and passenger weight, and other factors. You accept that if you do go ahead and make a purchase or enter into any kind of transaction, whether for payment or not, you did so entirely in reliance on your own skill and judgement and not on that of anyone else.

RIDE WITH STYLE Read the owner's manual thoroughly. Get to know your machine and its capabilities. Concentration assists anticipation. Observe other road users' movements. Brake in plenty of time. Always wear a helmet and quality kit, ride fit and NEVER after drinking alcohol. Good roadcraft and courtesy identify the skilled and stylish rider. Honda endorse the law that all helmet visors must comply with BS 4110. Visors that transmit less than 50% of visible light cannot legally be used on the road.

BLUE SKIES FOR OUR CHILDREN

FORZA 750

FORZA 750

STRONG PERFORMER

LOADED WITH SERIOUS HARDWARE.

Wherever you need to be, in or out of the city, for business or pleasure, it combines a sharp, tight form with true GT comfort and practicality, with sporty acceleration, motorcycle-style brakes and high quality suspension.

The 745cc, 8-valve parallel twin-cylinder engine makes 43.1kW peak power, with huge 69Nm of torque. Slick-shifting six-speed DCT offers automatic or manual gear changes, with shifting character relative to riding mode selected. Fuel economy of 3.6l/100km is possible, as is a potential cruising range of 370km from the 13.2L fuel tank. A 35kW A2 licence conversion is also available.

EXPANDING YOUR COMFORT ZONE

Like an elite-level athlete, the Forza 750 is not just strong, it's clever.

Throttle By Wire (TBW) manages the engine and Dual Clutch Transmission (DCT). Four riding modes are controlled via the 5-inch TFT screen, STANDARD, SPORT, RAIN and USER balance engine power, engine braking and DCT shifting schedule, to match the conditions you're riding in. At the same time, the level of ABS and Honda Selectable Torque Control (HSTC), for braking force and rear tyre grip, also adjust to suit. The USER mode allows full customisation of the Forza 750's engine and shifting performance between all of the parameters available. The integrated Honda Smartphone Voice Control system* allows you to manage navigation, calls, messages and music. Everything is operated, easily and safely, via voice or the left handlebar switchgear.

MAKE IT YOURS

We've made it easy to set the Forza 750 up as the ultimate riding companion with tailored Travel, Urban and Style Packs ready to go.

TRAVEL PACK

For longer range tours the Travel Pack builds in extra carrying capacity – with durable 26L right and 33L left one-key panniers – and personal comfort thanks to heated grips, upper and lower leg deflectors.

URBAN PACK

To help out on a busy day the Urban Pack comprises of a Smart Top Box with inner bag, which locks and unlocks by the same Smart Key that operates the ignition. To complete the pack, a centre console bag provide additional and easy access additional storage.

STYLE PACK

Further enhancing the Forza 750's stunning looks the Style Pack features a billet aluminium parking brake lever cover, stainless steel left and right lateral covers to protect bodywork from boot scuffs and rubber and stainless steel floor panels featuring the Forza logos.
